**Sport in the Cultures of the Ancient World** Sep 03 2022 Sport has been practised in the Greco-Roman world at least since the second millennium BC. It was socially integrated and was practised in the context of ceremonial performances, physical education and established local and international competitions including, most famously, the Olympic Games. In recent years, the continuous re-assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume. This book fills that gap in ancient sport scholarship. When did the ancient Olympics begin? How is sport depicted in the work of the fifth-century historian Herodotus? What was the association between sport and war in fifth- and fourth-century BC Athens? What were the social and political implications of the practice of Greek-style sport in third-century BC Ptolemaic Egypt? How were Roman gladiatorial shows perceived and transformed in the Greek-speaking east? And what were the conditions of sport participation by boys and girls in ancient Rome? These are some of the questions that this book, written by an international cast of distinguished scholars on ancient sport, attempts to answer. Covering a wide chronological and geographical scope (ancient Mediterranean from the early first millennium BC to fourth century AD), individual articles re-examine old and new evidence, and offer stimulating, original interpretations of key aspects of ancient sport in its political, military, cultural, social, ceremonial and ideological setting. This book was previously published as a special issue of the International Journal of the History of Sport.

**The World of Odysseus** Sep 22 2021 The World of Odysseus is a concise and penetrating account of the society that gave birth to the Iliad and the Odyssey—a book that provides a vivid picture of the Greek Dark Ages, its men and women, works and days, morals and values. Long celebrated as a pathbreaking achievement in the social history of the ancient world, M.I. Finley's brilliant study remains, as classicist Bernard Knox notes in his introduction to this new edition, "as indispensable to the professional as it is accessible to the general reader"—a fundamental companion for students of Homer and Homeric Greece. *Shrines and Pilgrimage in the Modern World* Jul 01 2022 The modern pilgrimage—to sites ranging from Graceland to the veterans' annual ride to the Vietnam Veterans Memorial to Jim Morrison's Paris grave—is intertwined with man's existential uncertainties in the face of a rapidly changing world. In a climate that reproduces the religious quest in seemingly secular places, it's no longer clear exactly what the term pilgrimage infers—and *Shrines and Pilgrimage in the Modern World* critiques our notions of the secular and the sacred, while commenting on the modern media's multiplication of images that renders the modern pilgrimage a quest without an object. Using new ethnographical and theoretical approaches, this volume offers a surprising new vision on the non-secularity of the "secular" pilgrimage. "This book will be sure to stoke our intellectual fire and heat up the discussion over the highly charged topic of secular pilgrimage."—Simon Bronner, Penn State University

**News of the World** Apr 29 2022 Soon to be a Major Motion Picture National Book Award Finalist—Fiction In the aftermath of the Civil War, an aging itinerant news reader agrees to transport a young captive of the Kiowa back to her people in this exquisitely rendered, morally complex, multilayered novel of historical

fiction from the author of *Enemy Women* that explores the boundaries of family, responsibility, honor, and trust. In the wake of the Civil War, Captain Jefferson Kyle Kidd travels through northern Texas, giving live readings from newspapers to paying audiences hungry for news of the world. An elderly widower who has lived through three wars and fought in two of them, the captain enjoys his rootless, solitary existence. In Wichita Falls, he is offered a \$50 gold piece to deliver a young orphan to her relatives in San Antonio. Four years earlier, a band of Kiowa raiders killed Johanna's parents and sister; sparing the little girl, they raised her as one of their own. Recently rescued by the U.S. army, the ten-year-old has once again been torn away from the only home she knows. Their 400-mile journey south through unsettled territory and unforgiving terrain proves difficult and at times dangerous. Johanna has forgotten the English language, tries to escape at every opportunity, throws away her shoes, and refuses to act "civilized." Yet as the miles pass, the two lonely survivors tentatively begin to trust each other, forming a bond that marks the difference between life and death in this treacherous land. Arriving in San Antonio, the reunion is neither happy nor welcome. The captain must hand Johanna over to an aunt and uncle she does not remember—strangers who regard her as an unwanted burden. A respectable man, Captain Kidd is faced with a terrible choice: abandon the girl to her fate or become—in the eyes of the law—a kidnapper himself.

New World, New Words Nov 05 2022 This fully bilingual (Spanish/English) anthology of Latin American literature showcases the region's enormous vitality and variety of writing. *New World/New Words* includes selections by widely celebrated writers such as Gabriel Garcia Marquez, Julio Cortazar, and Senel Paz, as well as work by emerging authors just beginning to make their mark in the English-speaking world. The collection features many of today's leading translators, several of whom are also distinguished poets and writers. *New World/New Words* makes the literature of Latin America available to those who want to sample its scope and depth, and includes works published for the first time in English. With original introductions by the translators that focus on voice, tone, rhythm, context, and the role of the translator, *New World / New Words* offers a unique window on the translator's art while presenting an exciting cross-section of the latest Latin American writing. This book is the initial volume in a new series, *Two Lines World Library*, which will spotlight literature of different regions around the globe. "These authors are still being discovered by readers outside their linguistic realm and in so many cases they are offering something really new. . . . Let the reader turn his or her mind loose on these pieces—the best and the new that has come out of Latin America."—from the Foreword by Gregory Rabassa Thomas Christensen's translations include works by Alejo Carpentier, Louis-Ferdinand Celine, Julio Cortazar, Laura Esquivel, and Carlos Fuentes. Formerly the director of Mercury House and a senior editor at North Point Press, he is now director of publications at the Asian Art Museum in San Francisco. **Grave New World** Feb 25 2022 A controversial look at the end of globalization and what it means for prosperity, peace, and the global economic order. Globalization, long considered the best route to economic prosperity, is not inevitable. An approach built on the principles of free trade and, since the 1980s, open capital markets, is beginning to fracture. With disappointing growth rates across the Western world,

nations are no longer willing to sacrifice national interests for global growth; nor are their leaders able—or willing—to sell the idea of pursuing a global agenda of prosperity to their citizens. Combining historical analysis with current affairs, economist Stephen D. King provides a provocative and engaging account of why globalization is being rejected, what a world ruled by rival states with conflicting aims might look like, and how the pursuit of nationalist agendas could result in a race to the bottom. King argues that a rejection of globalization and a return to "autarky" will risk economic and political conflict, and he uses lessons from history to gauge how best to avoid the worst possible outcomes.

**Making Sense of the World** May 19 2021 *Making Sense of the World* offers original work on the nature of understanding by a range of distinguished philosophers. Although some of the essays are by scholars well known for their work on understanding, many of the essays bring entirely new figures to the discussion. The main purpose of the volume is twofold: to advance debates in epistemology and the philosophy of science, where work on understanding has recently flourished, and to jumpstart new questions and debates about understanding in other areas of philosophy, such as aesthetics, ethics, and the philosophy of religion.
