The Imperfect Secret Mar 18 2021 By 2020, we we will be unable to protect 75% of our online data - put simply: three out of four of our most precious secrets will be completely public. There is no such thing as total security. I wanted to write a book for everybody, but I couldn't write what I wanted to, because first I had to write it for a chosen few. There's a gap, wide as an ocean, between the ordinary reader's knowledge and that of the specialist, when we talk about information security issues. After 25 years as a cyber security expert, I have become convinced that this gap needs a bridge, in the form of a book, but that ocean is so wide, that first it needs a book to narrow it. This is that book. This book is about the smallest and most delicate asset that anyone and everyone possesses: our secrets. And I have bad news for you: our secrets are under threat, just when we thought they were in the most secure place that they could possibly be. Something happened, and it's irreversible, and still not fully understood. Don't think about those small secrets that are easy to share, or lose, or bring out into the light of day. Think about your most hidden, perhaps even forgotten secrets, things that could ruin your life, or the life of your loved ones; or bring down a company's reputation, damage its profits, or just tear the whole thing into pieces. Remember the VW emissions scandal? just insert the name of your company! Pretty scary, no? And now for the good news. I partnered with a good friend and social-psychology expert, Zsuzsanna Szvetelszky, and took a good look at where the world is heading. Should we really share everything with each other? Can a secret-service exist any longer, where secrets will remain secrets? In the future, will we know everything about our politicians, company leaders, or the family living across the street? What is a secret anyhow? Why are they so important for us? Critical and complicated times are ahead, from the point of view of sociologists and information theorists, and we need to change the way we protect our data. In this book you'll find some practical advice and observations, to offer some answers for the emerging challenges of the new world that is already arriving.

PostSecret Oct 13 2020 The instructions were simple, but the results were extraordinary. 'You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession or childhood humiliation. Reveal anything - as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative.' It all began with an idea Frank Warren had for a community art project. He handed out postcards, asking people to write down a secret and post it to him, anonymously. The response was overwhelming. In under a year, Frank had over 10,000 cards which he posted on the website. The confessions were thought-provoking, funny and weird, touching on every aspect of human experience and revealing much about the state of modern life, and catapulting PostSecret to the status of global phenomenon. Superbly illustrated throughout, this book is a great conversation piece, fascinating to flick through, and almost unputdownable once you have.

Where ladies draped in glittering jewels and beautiful ballgowns tried their best to attract the attention of London's most eligible and wealthy bachelors. Those same bachelors did their best to avoid the matchmaking mothers who would like nothing more than to see them firmly caught in the parson's trap. The scandal sheets were filled with exploits of the men and women that dared to skirt propriety. A heartbroken Catherine Gray, sister to the Duke of Hawksford, has fled London to join her aunt in Brighton. Determined to have her own adventures, Catherine's antics caused quite a stir and when she ends up in scandal sheets as well, her brother summons her back to London much to her chagrin. Catherine knew she would have to return eventually to London. She was the sister to a wealthy and powerful duke and would need to marry one day, but after the events of last season, she was not as eager as she should be to return to the midst of London's elite ton. Lady Catherine Gray had loved her brother's best friend, Michael Shelbourne, Duke of Leicester, another one of London's infamous rakes, since she was a young girl. She had tried to catch his eye at every turn and thought that her first season would be the time he finally noticed her. Unfortunately, she discovered that Leicester may never return her affections. Now, she would begrudgingly return to London, completely free of her infatuation with the duke and ready to prove her affections for Leicester were the musings of a young girl. At least that was the plan, but it seems that fate had other ideas. Michael Shelbourne, Duke of Leicester had known Catherine Gray for most of her life. When she returns to London and refuses to acknowledge him, he is confounded by her behavior. She was more beautiful than he remembered and now faced with the possibility of seeing her with another, he realized he had made a terrible mistake. Trying to win back her affections is harder than he imagined it would be, and Catherine is not the same woman he knew before. When a dangerous secret comes between them, will the connection they have to each other be enough to overcome the perils ahead or will he lose her again, this time for good.

The Secret Jan 28 2022 The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of **THE SECRET**. Are you smart enough?

THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

PostSecret Jun 08 2020 The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary.

"You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and beautifully intimate secrets Frank Warren has received -- and brilliantly illuminates that human emotions can be unique and universal at the same time.
