**Republican Like Me** Jun 08 2020 In this controversial National Bestseller, the former CEO of NPR sets out for conservative America wondering why these people are so wrong about everything. It turns out, they aren't. Ken Stern watched the increasing polarization of our country with growing concern. As a longtime partisan Democrat himself, he felt forced to acknowledge that his own views were too parochial, too absent of any exposure to the "other side." In fact, his urban neighborhood is so liberal, he couldn't find a single Republican--even by asking around. So for one year, he crossed the aisle to spend time listening, talking, and praying with Republicans of all stripes. With his mind open and his dial tuned to the right, he went to evangelical churches, shot a hog in Texas, stood in pit row at a NASCAR race, hung out at Tea Party meetings and sat in on Steve Bannon's radio show. He also read up on conservative wonkery and consulted with the smartest people the right has to offer. What happens when a liberal sets out to look at issues from a conservative perspective? Some of his dearly cherished assumptions about the right slipped away. Republican Like Me reveals what led him to change his mind, and his view of an increasingly polarized America.

**Multi-Cooker Cookbook for Beginners** Apr 18 2021 Are you looking for a simple, quick and healthy cooking way? Do you want to lose weight but are you tired of spending hours in the kitchen preparing healthy and light food? This is a modern method of cooking, suitable for those who have little time, who are looking to lose weight and need to eat light food, and also for those who do not want to stay behind the stove. All you have to do is choose the recipe, buy the ingredients (which you will find detailed inside), put them in the multi-cooker and follow the instructions you will find also described in detail. You will be surprised to discover that with very little stress and in a short time you will be able to prepare succulent dishes, for every event and every moment of the day, and impress your family and friends, even if you have a small budget! You're about to find recipes as: Breakfasts Beef, Poultry, Pork Fish and Seafood Vegetables Snacks, Sides and Desserts Pasta and Rice ...And more With this kitchen device you can revolutionize your cooking method. Even if you're a beginner, you'll find that you don't need any special skills to use a multi-cooker. It's very easy to use, it doesn't produce any bad smells and it's easy to clean. Now it's time to enjoy your favorite foods. Leave aside the thought that you are not capable or that it is a waste of time. If you have bought or are about to buy a Multi-Cooker, the next step is to buy this cookbook now!

**Media, Technology and Society** Nov 13 2020 Challenging the popular myth of a present-day 'information revolution', Media Technology and Society is essential reading for anyone interested in the social impact of technological change. Winston argues that the development of new media forms, from the telegraph and the telephone to computers, satellite and virtual reality, is the product of a constant play-off between social necessity and suppression: the unwritten law by which new technologies are introduced into society only insofar as their disruptive potential is limited.

**The Book of Life** Dec 03 2019 Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures.

**Great Age Guide to Gadgets and Gizmos** Jul 02 2022 Presents a guide to devices that are designed to enhance one's life, including health aids, communication devices, computer gadgets, and appliances for the home.

**Wogan's Ireland** Jan 16 2021 In a magical mix of the personal and the political, the humorous and the tragic, the historic and the modern, we follow Terry Wogan on his return to his native land. Terry left Ireland in the late 1960s, after a childhood in Limerick and early career in Dublin. In Wogan's Ireland we see through Terry's eyes how the country has changed. He rediscovers its rugged coastline and the spectacular views he remembers from childhood holidays. He revisits old haunts, hooks up with long-lost friends, colleagues and fellow expats, enjoying the nostalgia evoked by these experiences. But he doesn't shy away from the more complicated responses that led him to seek his fortunes elsewhere. During the course of Wogan's Ireland he also explains why he had to leave it all behind. Imbued with Terry's inimitable style - witty and urbane, relaxed yet engaging - this book stands as a fitting tribute not only to a beautiful, complex and contradictory nation, but to one of the BBC's longest-standing and most popular personalities.

**The Last Enemy** Apr 06 2020 This is the true story of Second World War fighter pilot, Richard Hillary. After being shot down in September 1940, Hillary spent several months in hospital, undergoing numerous operations; a member of Archibald McIndoe's 'Guinea Pig Club'. Originally published in 1942, just months before he died in a second crash, The Last Enemy recounts the struggles and successes of a young man in the Royal Air Force. Told through Hillary's eyes, this incredible story shows that even in our darkest moments there is a glimmer of enduring hope.

**Some Assembly Required** Jul 10 2020 'Intimate and thoughtful...

Exciting... [A] sweeping evolutionary history.' Science The author of the

bestselling *Your Inner Fish* gives us a brilliant, up-to-date account of the great transformations in the history of life on Earth. This is a story full of surprises. If you think that feathers arose to help animals fly, or lungs to help them walk on land, you'd be in good company. You'd also be entirely wrong. Neil Shubin delves deep into the mystery of life, the ongoing revolutions in our understanding of how we got here, and brings us closer to answering one of the great questions – was life on earth inevitable...or was it all an accident?

*The Cambridge Introduction to Satire* Aug 30 2019 Provides a comprehensive overview for both beginning and advanced students of satiric forms from ancient poetry to contemporary digital media.

*Arrowsmith* Sep 11 2020 First published in 1925, 'Arrowsmith' is a novel by American author Sinclair Lewis. It is arguably the earliest major novel to deal with the culture of science. It was written in the period after the reforms of medical education flowing from the Flexner Report on Medical Education in the United States and Canada: A Report to the Carnegie Foundation for the Advancement of Teaching, 1910, which had called on medical schools in the United States to adhere to mainstream science in their teaching and research.

**Sensation** May 20 2021 Love. Politics. Parasitic manipulation. Julia Hernandez left her husband, shot a real-estate developer out to gentrify Brooklyn, and then vanished without a trace. Well, perhaps one or two traces were left... With different personal and consumption habits, Julia has slipped out of the world she knew and into the Simulacrum—a place between the cracks of our existence from which human history is both guided and thwarted by the conflict between a species of anarchist wasp and a collective of hyperintelligent spiders. When Julia's ex-husband Raymond spots her in a grocery store he doesn't usually patronize, he's drawn into an underworld of radical political gestures and Internet organizing looking to overthrow a ruling class it knows nothing about—and Julia is the new media sensation of both this world and the Simulacrum. Told ultimately from the collective point of view of another species, *Sensation* plays with the elements of the Simulacrum we all already live in: media reports, businesspeak, blog entries, text messages, psychological evaluation forms, and the always fraught and

kindly lies lovers tell one another.

**Mencken** May 08 2020 A towering figure on the American cultural landscape, H.L. Mencken stands out as one of our most influential stylists and fearless iconoclasts--the twentieth century's greatest newspaper journalist, a famous wit, and a constant figure of controversy. Marion Elizabeth Rodgers has written the definitive biography of Mencken, the finest book ever published about this giant of American letters. Rodgers illuminates both the public and the private man, covering the many love affairs, his happy marriage at the age of 50 to Sara Haardt, and his complicated but stimulating friendship with the famed theater critic George Jean Nathan. Rodgers vividly recreates Mencken's era: the glittering tapestry of turn-of-the-century America, the roaring twenties, depressed thirties, and the home front during World War II. But the heart of the book is Mencken. When few dared to shatter complacencies, Mencken fought for civil liberties and free speech, playing a prominent role in the Scope's Monkey Trial, battling against press censorship, and exposing pious frauds and empty uplift. The champion of our tongue in *The American Language*, Mencken also played a pivotal role in defining American letters through *The Smart Set* and *The American Mercury*, magazines that introduced such writers as James Joyce, F. Scott Fitzgerald, and Langston Hughes. Drawing on research in more than sixty archives including private collections in the United States and in Germany, previously unseen, on exclusive interviews with Mencken's friends, and on his love letters and FBI files, here is the full portrait of one of America's most colorful and influential men. This biography, the best ever on the sage of Baltimore, is exhaustive but never exhausting, and offers readers more than moderate intelligence and an awfully good time. --Martin Nolan, *Boston Globe*

Atkinson's Evening Post, and Philadelphia Saturday News Jan 28 2022

**The Cultural Cold War** Jun 28 2019 During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

How to Catch the Easter Bunny Oct 13 2020 Is this the year you'll be able to catch the Easter bunny in action? Start an Easter tradition with this fun and funny children's book, from the *New York Times* bestselling creators of *How to Catch a Leprechaun!* "I've been working long and hard with all my peeps and crew. We've made the eggs, and now I'm here to bring them all to you!"
