Use this gifted and talented workbook to get your student used to the format and content of the NNAT 2 and NNAT 3 so he or she is adequately prepared and feels confident on test day. Why use our test prep materials? Our goal is to provide you with the best gifted and talented workbooks and materials, and the very best value for your money. We created our gifted and talented workbooks and practice tests because, as a tutoring company, we could not find enough good practice material to effectively prepare our students for gifted and talented exams. As tutors and teachers, we have used the various test prep books and we have found them to either have an incorrect difficulty level (too easy) or to be very expensive. After studying original materials from test creators and testing them on children, we believe our materials and tests adequately prepare students to do their very best on the NNAT test.
