I would soon find out that there were cameras that I couldn't see in my apartment not by word of mouth but by watching the daily news and learning from tips I was getting from my friends on social media sites like Facebook, Snapchat, and Instagram. And what started as a small joke between close friends soon spilled over into the entertainment world from music to sports and even daytime shows until it eventually reached the head of our country, the president of the United States.

Patanjali Yoga Sutras Jul 09 2020 Composed over two millennia ago, the Yoga Sutras of Patanjali remains the philosophical thread that unites the ancient and current world of yoga. Yet, its many translations are underwhelming, lacking connection to reality and practicality. Innumerable forms and sects of yoga have come and gone in between. Obsessed with gaining special powers over mind and body, yoga's re-tellers have clouded its history in a mystical mist of fantastic claims. It is human nature to crave powers to radically change our lot in life. These layers of dazzle and glitter have over the centuries led us further away from yoga's spiritual core. The sutras' clear, logical, and practical path has been blurred and lost. Radically breaking with this mystical tradition, A. K. Aruna seeks to reclaim for us this fountainhead of yoga by retying the understanding of these sutras to the even more ancient source of spiritual knowledge and yoga—the Upanishads. The Upanishads eschewed limited pursuits in order to seek an ultimate goal that was not time-bound. In this still pure form of the yoga of seeking ultimate, timeless truth, the words of Patanjali become crystal clear and practical. Yoga shines in timeless relevance. A. K. Aruna's Patanjali Yoga Sutras: A Translation in the Light of Vedanta Scripture has brilliantly refocused the light on the Yoga Sutras. This is a companion, translation only, booklet to the Translation and Commentary version of the text by A. K. Aruna.
