[The Smallest Man Mar 26 2022 'I want you to remember something, Nat. You're small on the outside. But inside you're as big as everyone else. You show people that and you won't go far wrong in life.' A compelling story perfect for fans of The Doll Factory, The Illumination of Ursula Flight and The Familiars. My name is Nat Davy. Perhaps you've heard of me? There was a time when people up and down the land knew my name, though they only ever knew half the story. The year of 1625, it was, when a single shilling changed my life. That shilling got me taken off to London, where they hid me in a pie, of all things, so I could be given as a gift to the new queen of England. They called me the queen's dwarf, but I was more than that. I was her friend, when she had no one else, and later on, when the people of England turned against their king, it was me who saved her life. When they turned the world upside down, I was there, right at the heart of it, and this is my story. Inspired by a true story, and spanning two decades that changed England for ever, The Smallest Man is a heartwarming tale about being different, but not letting it hold you back. About being brave enough to take a chance, even if the odds aren't good. And about how, when everything else is falling apart, true friendship holds people together. Praise for The Smallest Man: 'Nat Davy is so charming that I couldn't bear to put this book down. I loved it' Louise Hare 'A perfect fusion of history and invention... Nat's wit and humour make the poignancy of his story all the more powerful' Beth Morrey 'What a page-turner! A timely tale celebrating courage, determination and friendship' Anita Frank 'A perfectly formed masterpiece' C.S. Quinn 'I loved this book - a fascinating tale of extraordinary accomplishment, and a story about how anything is possible and how love has always been a beacon of hope' Phillip Schofield 'I found myself rooting for the Smallest Man in England from the very first page' Sonia Velton 'A beautiful, heartwarming tale, weaving history and fiction intricately and seamlessly... I loved this book' Louise Fein 'This book took me on an epic journey with a character that will always have a special place in my heart' Emma Cooper 'An engaging, compelling, thought-provoking story of a life less ordinary' Caroline Scott 'A beguiling and well-written tale' Ellen Alpsten 'I absolutely fell for the book's narrator: an ebullient character whose voice and world view I adored' Polly Crosby](#)

London, Burning Jul 06 2020 London, Burning is a novel about the end of the 1970s, and the end of an era. It concerns a nation divided against itself, a government trembling on the verge of collapse, a city fearful of what is to come, and a people bitterly suspicious of one another. In other words, it is also a novel about now. Vicky Tress is a young policewoman on the rise who becomes involved in a corruption imbroglio with CID. Hannah Strode is an ambitious young reporter with a speciality for skewering the rich and powerful. Callum Conlan is a struggling Irish academic and writer who falls in with the wrong people. Whilst Freddie Selves is a hugely successful theatre impresario stuck deep in a personal and political mire of his own making. These four characters, strangers at the start, happen to meet and affect the course of each other's lives profoundly. The story plots an unpredictable path through a city choked by strikes and cowed by bomb warnings. It reverberates to the sound of alarm and protest, of police sirens, punk rock, street demos, of breaking glass and breaking hearts in dusty pubs. As the clock ticks down towards a general election old alliances totter and the new broom of capitalist enterprise threatens to sweep all before it. It is funny and dark, violent but also moving.

The Wolf and the Sheep Feb 22 2022 Till death do us part. My father married me off to one of the most powerful men in Italy. Maverick DeVille. But I call him the wolf. He calls me his sheep. The arranged marriage was detested by us both, but we had to make sacrifices for the right reasons. He needed to avenge his mother, and I needed protection from the mobs that want to torture me. He's not what I pictured for my husband. He's ruthless, calloused, and cold. His walls are higher than mine. He possesses cruelty that makes him feared. But it doesn't take long for me to respect him... even like him. I rely on my husband more than anyone else in the world. He provides for me, protects me, and chases away all my fears. He lets me graze in the meadow... not a care in the world. Because the wolf is always watching. "When people look in the darkness, they see shadows. I see monsters. And I kill the monsters that hunt my sheep." I hated this marriage in the beginning, but now I realize how lucky I am. How lucky I am to be the sheep the wolf protects... and doesn't eat.

The Past Jun 16 2021 Winner of the Windham Campbell Prize • A Washington Post Best Book of the Year • A Time Best Book of the Year • A San Francisco Chronicle Top 10 Book of the Year • A Huffington Post Best Fiction Book of the Year • A New York Times Editors' Choice In her most accessible, commercial novel yet, the "supremely perceptive writer of formidable skill and intelligence (New York Times Book Review) turns her astute eye to a dramatic family reunion, where simmering tensions and secrets come to a head over three long, hot summer weeks. With five novels and two collections of stories, Tessa Hadley has earned a reputation as a fiction writer of remarkable gifts. She brings all of her considerable skill and an irresistible setup to *The Past*, a novel in which three sisters, a brother, and their children assemble at their country house. These three weeks may be their last time there; the upkeep is prohibitive, and they may be forced to sell this beloved house filled with memories of their shared past (their mother took them there to live when she left their father). Yet beneath the idyllic pastoral surface, hidden passions, devastating secrets, and dangerous hostilities threaten to consume them. Sophisticated and sleek, Roland's new wife (his third) arouses his sisters' jealousies and insecurities. Kasim, the twenty-year-old son of Alice's ex-boyfriend, becomes enchanted with Molly, Roland's sixteen-year-old daughter. Fran's young children make an unsettling discovery in a dilapidated cottage in the woods that shatters their innocence. Passion erupts where it's least expected, leveling the quiet self-possession of Harriet, the eldest sister. Over the course of this summer holiday, the family's stories and silences intertwine, small disturbances build into familial crises, and a way of life—bourgeois, literate, ritualized, Anglican—winds down to its inevitable end. With subtle precision and deep compassion, Tessa Hadley brilliantly evokes a

brewing storm of lust and envy, the indelible connections of memory and affection, the fierce, nostalgic beauty of the natural world, and the shifting currents of history running beneath the surface of these seemingly steady lives. The result is a novel of breathtaking skill and scope that showcases this major writer's extraordinary talents.

Late in the Day Jul 18 2021 "With each new book by Tessa Hadley, I grow more convinced that she's one of the greatest stylists alive."--Ron Charles, *Washington Post* New York Times Book Review Editors' Choice - A Parnassus First Editions Club Pick - Powell's Indispensable Book Club Pick - A Washington Post Notable Book - A Slate Best Book of the Year - A Boston Globe Best Book of the Year - A Bookpage Best Book of the Year The lives of two close-knit couples are irrevocably changed by an untimely death in the latest from Tessa Hadley, the acclaimed novelist and short story master who "recruits admirers with each book" (*Hilary Mantel*). Alexandr and Christine and Zachary and Lydia have been friends since they first met in their twenties. Thirty years later, Alex and Christine are spending a leisurely summer's evening at home when they receive a call from a distraught Lydia: she is at the hospital. Zach is dead. In the wake of this profound loss, the three friends find themselves unmoored; all agree that Zach, with his generous, grounded spirit, was the irreplaceable one they couldn't afford to lose. Inconsolable, Lydia moves in with Alex and Christine. But instead of loss bringing them closer, the three of them find over the following months that it warps their relationships, as old entanglements and grievances rise from the past, and love and sorrow give way to anger and bitterness. *Late in the Day* explores the complex webs at the center of our most intimate relationships, to expose how, beneath the seemingly dependable arrangements we make for our lives, lie infinite alternate configurations. Ingeniously moving between past and present and through the intricacies of her characters' thoughts and interactions, Tessa Hadley once again "crystallizes the atmosphere of ordinary life in prose somehow miraculous and natural" (*Washington Post*).
