An Indian Summer Jun 09 2020 James Cameron was no stranger to India when he travelled there with his wife in 1972. His work as journalist and his new family brought him a closer understanding of the country he already loved. He also met new people, travelled to unfamiliar areas and witnessed the changes that Independence had brought. With this fresh eye he saw kindness and corruption, beauty and filth, impossible bureaucracy and profound humanity. This text tells of his experiences.

A House Full of Daughters May 21 2021 One woman's investigation into the nature of memory, the past, and above all, love. All families have their myths and Juliet Nicolson's was no different: her flamenco dancing great-great-grandmother Pepita, the flirty manipulation of her great-grandmother Victoria, the infamous eccentricity of her grandmother Vita, her mother's Tory-conventional background. *A House Full of Daughters* takes us through seven generations of women. In the nineteenth-century slums of Malaga, the salons of fin-de-siècle Washington DC, an English boarding school during the Second World War, Chelsea in the 1960s, these women emerge for Juliet as people in their own right, but also as part of who she is and where she has come from

C.P. Snow's Strangers and Brothers as Mid-twentieth-century History Jan 29 2022 This book studies C.P. Snow's eleven-volume series of novels (*Strangers and Brothers*) as documents detailing the social and political life of mid-twentieth-century Britain, and points out the uses for the novels in the academic study of that time period. Both Snow and his central character, Lewis S. Eliot, started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class, their dreams of success in their teen years, and their early professional education in a new, struggling academic institution in the mid-1920s. Neither could really be considered typical for men of their class. Eliot's working life would include being a very minor town clerk, a barrister, an advisor to a powerful industrialist, a Cambridge don, a moderately powerful civil servant, and finally, in early retirement, a writer. Eliot would befriend members of both the traditional and Jewish upper classes, scholars and brilliant scientists, powerful behind-the-scenes civil servants, second-tier British and Nazi politicians, financiers and industrialists, Communists, and writers and artists, providing a fairly broad overview of parts of the middle class and ruling elites of the periods. Snow's sequence of novels is therefore useful to the historian of twentieth-century Britain, both in understanding the period as it recedes away from common experience and in presenting the period in the classroom. Snow was a classic twentieth-century writer who presented a more balanced account of

the British «governing classes» of the middle third of the twentieth century than did the upper-class (and would-be upper-class) or working-class writers of the same period. His novels provide an insight that every student of twentieth-century Britain must have on hand. *The Kings and Queens of Britain* Aug 31 2019 Who was the first king of England? Did Henry I assassinate his brother? How did 'Bloody Mary' reinstate Roman Catholicism? For more than 1,000 years the British monarchy has dramatically shaped national and international history. Kings and queens have conquered territory, imposed religious change and extracted taxation, each with their own motivations and ambitions. In this fascinating book, Cath Senker delves into the extraordinary history of the British monarchy and its host of kings, queens and pretenders. There have been benevolent rulers, violent ones, religious fanatics, brilliant economists, masters of diplomacy and the power hungry. But whether they have abused their power or used it for good, each monarch has played a part in the rich tapestry of British history, coping with both international and civil wars, rebellions and criticism. *The Kings & Queens of Britain* introduces a thousand-year history, providing rich biographical detail of Britain's remarkable monarchs.

Frostquake Jun 02 2022 ** THE SUNDAY TIMES BESTSELLER ** 'Juliet Nicolson is brilliant at recapturing mood, moment and character . . . This book is a must' Peter Hennessy On Boxing Day 1962, when Juliet Nicolson was eight years old, the snow began to fall. It did not stop for ten weeks. The drifts in East Sussex reached twenty-three feet. In London, milkmen made deliveries on skis. On Dartmoor 2,000 ponies were buried in the snow, and starving foxes ate sheep alive. It wasn't just the weather that was bad. The threat of nuclear war had reached its terrifying height with the recent Cuban Missile Crisis. Unemployment was on the rise, de Gaulle was blocking Britain from

joining the European Economic Community, Winston Churchill, still the symbol of Great Britishness, was fading. These shadows hung over a country paralysed by frozen heating oil, burst pipes and power cuts. And yet underneath the frozen surface, new life was beginning to stir. From poets to pop stars, shopkeepers to schoolchildren, and her own family's experiences, Juliet Nicolson traces the hardship of that frozen winter and the emancipation that followed. That spring, new life was unleashed, along with freedoms we take for granted today.

'Frostquake is wholly remarkable . . . a rare and engrossing read that brought that time straight back to my memory and consciousness' Vanessa Redgrave 'As gripping as any thriller, Frostquake is the story of a national trauma that came out of nowhere and changed us forever. Brilliantly written and almost eerily relevant to our current troubles, I read it in one sitting' Tony Parsons **A THE TIMES/SUNDAY TIMES 'BOOK TO LOOK OUT FOR' IN 2021**
I Glanced Out the Window and Saw the Edge of the World Aug 24 2021 This book is about WAR--not the causes and results, not the planning and the campaigns, not the artillery and the bombs. It is about the heinous crimes committed by the combatants, the horrifying experiences of civilians, the devastation of cities and villages, the killing and the dying, the glory leading to revulsion and guilt, and the assimilation of suffering that either ends in death or in the triumph of the soul. It looks at the struggle of the church to remain faithful and the servants of the church who seek to bring sense and solace to the victims. It discusses antisemitism, racism, and war itself from biblical perspectives. It reveals the unjustifiable reasons for engaging in war and how this brings catastrophic results for all peoples--the mental instability of the survivors and the loss and grief of those on the home front. In war, how can men and women carry out the actions that they do? As Viktor Frankl writes: "After all, man is that being who has invented the gas chambers of Auschwitz; however, he is also that being who has entered those gas chambers upright, with the Lord's Prayer or the Shema Yisrael on his lips."

When he came to California and finally settled in San Francisco, John Muir immediately left for a visit to Yosemite, a place he had only read about. Seeing it for the first time, Muir noted that "He was overwhelmed by the landscape, scrambling down steep cliff faces to get a closer look at the waterfalls, whooping and howling at the vistas, jumping tirelessly from flower to flower." He climbed a number of mountains, including Cathedral Peak and Mount Dana, and hiked the old Indian trail down

The Memory of Lost Senses Dec 16 2020 1911. A country house. A long, hot summer. A story of love... From the author of *The Snow Globe*, comes an absorbing, evocative and rich period drama of buried secrets and lost love in an Edwardian summer. *The Memory of Lost Senses* is perfect for fans of Kate Morton and Rachel Hore. 'Witty, clever and compelling, with a beautiful love story at its heart' - Jane Harris When a mysterious countess arrives late in life to live at a large, deserted house on the edge of a sleepy Hampshire village, the local tongues start wagging. No one is more intrigued than Cecily Chadwick, idling away the long, hot summer of 1911 with nothing much to do. Cecily is fascinated by the exotic elderly lady and, as she gets to know her, is riveted by her tales of expatriate life on the continent, and of whom she once knew. But the countess is troubled: by her memories, her name, and by anonymous threats to reveal a ruinous secret... It is, she has decided, up to her close friend, a successful novelist who has come to stay for the summer, to put the record straight. For aspiring writer Cecily, the novelist's presence only adds to the intrigue and pull of the house. But it is the countess's grandson, Jack, his unanswered questions about his grandmother's past and his desire to know the truth, that draw Cecily further into the tangled web of the countess's life, and the place known as Temple Hill. What readers are saying about *The Memory of Lost Senses*: 'Oh, how I loved these characters when the story was lifted from the pages to me, crafted in Judith's clear narrative voice' 'A story of love, passion and memories - often unreliable - beautifully told with an effortless languorous feel as the history and drama unfolds' 'A well-structured novel that has been so beautifully written it is well worthy of five stars' **The Great Silence, 1918-1920** Jul 11 2020 The story of life after the Great War ended for a generation determined not be dominated by the pass.

The Perfect Summer Nov 07 2022 Chronicling four months during 1911, an evocative portrait of an English society on the brink of turbulent change describes such milestones as the crowning of a new king, strikes that paralyzed British industry, and the first London appearance of the Ballets Russes, from the viewpoints of a debutante, a suffragette, a trade unionist, a butler, a politician, the queen, and others. 25,000 first printing.

Shaw and the Actresses Franchise League Mar 31 2022 Early 20th century non-commercial theaters emerged as hubs of social transformation on both sides of the Atlantic. The 1904-1907 seasons at London's Royal Court Theatre were a particularly galvanizing force, with 11 plays by Bernard Shaw—along with works by Granville Barker, John Galsworthy and Elizabeth Robins—that starred activist performers and challenged social conventions. Many of these plays were seen on American stages. Featuring more conversation than plot points, the new drama collectively urged audiences to recognize themselves in the characters. In 1908, four hundred actresses attended a London hotel luncheon, determined to effect change for women. The hot topics—chillingly pertinent today—mixed public and private controversies over sexuality, income distribution and full

citizenship across gender and class lines. A resolution emerged to form the Actresses Franchise League, which produced original suffrage plays, participated in mass demonstrations and collaborated with ordinary women.

Problems of Power Nov 02 2019 Fullerton, Wm. Morton. *Problems of Power: A Study of International Politics from Sadowa to Kirk-Kilisse*. New York: Charles Scribner's Sons, 1913. xx, 323 pp. Reprinted 2004 by The Lawbook Exchange, Ltd. ISBN 1-58477-353-7. Cloth \$75. * Reprint of first edition. Fullerton [1865-1945] was an American journalist who lived in Paris. A well-traveled, sophisticated man, he was respected for his penetrating insights and graceful prose. *Problems of Power*, his finest work, argues that international law and Realpolitik lost their hold on the conduct of international relations around 1870. Contemporary affairs since then were determined by a fear of political weakness resulting from cultural and spiritual decline. Fullerton's argument that this fear was provoked by the global economy, and that it encouraged nationalism, protective economic measures and a fervent desire to repel foreign influences, remains relevant today.

The Victoria History of the Counties of England May 01 2022
Work, Gender and Family in Victorian England Oct 02 2019 `What a pleasure to see this pathbreaking research in print! Karl Ittmann's analysis of Bradford pushes forward our knowledge of the quiet revolution in social habits which took place in the late nineteenth century. In particular, his ability to link the decline of marital fertility with the reorganisation of work and gender roles is exemplary. This book should be of interest to all specialists in Victorian social history.' - David Levine, The Ontario Institute for Studies in Education, Toronto
Work, Gender and Family in Victorian England examines the impact of the Industrial Revolution upon the family and questions the extent to which ordinary working men and women shared the 'Victorian values' and prosperity of their middle-class countrymen. The book focuses on the industrial town of Bradford, West Yorkshire, in the second half of the nineteenth century and traces how men and women and their families adapted to the new life brought by the rise of the mill and the city.

runs towards him one morning in an attempt to escape the place where he has found refuge, everything changes. It is in the ornate ballroom at the centre of the asylum, where the male and female patients are allowed to gather every Friday evening to dance, that Ella and John begin a tentative, secret correspondence that will have shattering consequences, as love and the possibility of redemption are set against one ambitious doctor's eagerness to make his mark in the burgeoning field of eugenics, at all costs. Set over the heatwave summer of 1911, at a time when England was at the point of revolt, *The Ballroom* is a tale of unlikely love and dangerous obsession, of madness and sanity, and of who gets to decide which is which.

The Ballroom Nov 14 2020 A searing novel of forbidden love on the Yorkshire moors—"a British version of *One Flew Over the Cuckoo's Nest*" (The Times U.K.)—from the author of the critically acclaimed debut *Wake* England, 1911. At Sharston Asylum, men and women are separated by thick walls and barred windows. But on Friday nights, they are allowed to mingle in the asylum's magnificent ballroom. From its balconies and vaulted ceilings to its stained glass, the ballroom is a sanctuary. Onstage, the orchestra plays Strauss and Debussy while the patients twirl across the gleaming dance floor. Amid this heady ambience, John Mulligan and Ella Fay first meet. John is a sure-footed dancer with a clouded, secretive face; Ella is as skittish as a colt, with her knobby knees and flushed cheeks. Despite their grim circumstances, the unlikely pair strikes up a tenuous courtship. During the week, he writes letters smuggled to her in secret, unaware that Ella cannot read. She enlists a friend to read them aloud and gains resolve from the force of John's words, each sentence a stirring incantation. And, of course, there's always the promise of the ballroom. Then one of them receives an unexpected opportunity to leave Sharston for good. As Anna Hope's powerful, bittersweet novel unfolds, John and Ella face an agonizing dilemma: whether to cling to familiar comforts or to confront a new world—living apart, yet forever changed. Praise for *The Ballroom* "The Ballroom successfully blends historical research with emotional intelligence to explore the tensions and trials of the human condition with grace and insight."—New York Times Book Review "Part historical novel and part romance, *The Ballroom* paints an incredibly rich portrait of the mentally stable forced to live in an asylum. [Anna] Hope transports readers inside the asylum, to feel the thick humidity of the stale summer air of the day room, and the gritty and brutal reality inside those walls."—Booklist "A compelling cast of emotionally resonant characters, as well as a bittersweet climax, render Hope's second novel a powerful, memorable experience."—Publishers Weekly "Hope's writing is consistently beautiful. . . . Recommended for readers who enjoy historical fiction by Sarah Waters or Emma Donoghue."—Library Journal "A beautifully wrought novel, a tender, heartbreaking and insightful exploration of the longings that survive in the most inhospitable environments."—Sunday Express "The Ballroom has all the intensity and lyricism of [Anna] Hope's debut, *Wake*. At its heart is a tender and absorbing love story."—Daily Mail "Compelling and

masterful . . . Anna Hope has proven once again that she is a luminary in historical fiction. . . . She delivers profound, poignant narratives that stir the emotions."—Yorkshire Post "As with Hope's highly acclaimed debut novel, *Wake*, the writing is elegant and insightful; she writes beautifully about human emotion, landscape and weather."—The Observer "A brilliantly moving meditation on what it means to be 'insane' in a cruel world . . . All the characters are vividly and sensitively drawn. . . . Deeply moving."—The Irish Times

Abdication Sep 24 2021 "Goodness, *Abdication* really is good. I'm in awe of Juliet's ability" (Jessica Fellowes, New York Times bestselling author of *The World of Downton Abbey*). England, 1936. A beloved king is dead, and by year's end, the charismatic new monarch will give up his throne for love. The world is on the brink of war. And in the tumultuous intervening months, three outsiders will find themselves embroiled in the hidden truths, undeclared loves, unspoken sympathies, and covert complicities of a glittering high society in the throes of upheaval. After a long journey from her home in Barbados, May Thomas secures a position as a secretary and driver and opens her heart to a man seemingly beyond her reach. Outwardly affable American spinster Evangeline Nettlefold finds her place in the uppermost social circles, but her growing resentment toward her childhood friend Wallis Simpson predicts disaster. A friendship catapults Julian Richardson from his mother's middle-class parlor to luxurious dinners with the king, yet he cannot forget those who struggle outside the gilded gates, nor his uneasy affection for May. As addictive as *Downton Abbey*, as poignant as *The Remains of the Day*, renowned historian Juliet Nicolson's debut novel is a breathtaking story inspired by a love affair that shook the world at a time when order and chaos battled for supremacy.

First of the Summer Wine Feb 04 2020 The remarkable story of three Yorkshire cricketers from the Golden Age - George Hirst, Wilfred Rhodes and Schofield Haigh - who transformed their county's fortunes, inspired a generation of cricketers and left a unique legacy on the game. Between them, Hirst, Rhodes and Haigh scored over 77,000 runs and took almost 9000 wickets in a combined 2500 appearances, helping Yorkshire to seven County Championship triumphs. The records they set will never be beaten, yet the three men - known throughout England as The Triumvirate - were born in two small villages just outside Huddersfield, in *Last of the Summer Wine* country. Hirst pioneered and perfected the art of swing and seam bowling, Rhodes took more first-class wickets than anyone else in history, while the genial Haigh's achievements as a bowler at Yorkshire have been surpassed only by his two close friends; their influence would extend far beyond England, as they all went to India to coach, laying the foundations of cricket in the subcontinent. Pearson, whose biography of Learie Constantine, Connie, won the MCC Book of the Year Award, brings the characters and the age vividly to life, showing how these cricketing stars came to symbolise the essence of Yorkshire. This was a time when the gritty northern professionals from the White Rose county took on some of the most glittering amateurs of the age, including W.G.Grace, C.B.Fry, Prince

Ranji and Gilbert Jessop, and when writers such as Neville Cardus and J.M.Kilburn were on hand to bring their achievements to a wider audience. *The First of the Summer Wine* is a celebration of a vanished age, but also reveals how the efforts of Hirst, Rhodes and Haigh helped create the modern era, too.

Street Urchins, Sociopaths and Degenerates Jul 03 2022 From the notable emergence of orphan figures in late eighteenth-century literature, through early- and middle-period Victorian fiction and, as this book argues, well into the fin de siècle, this potent literary type is remarkable for its consistent recurrence and its metamorphosis as a register of cultural conditions. The striking ubiquity of orphans in the literature of these periods encourages inquiry into their metaphoric implications and the manner in which they function as barometers of burgeoning social concerns. The overwhelming majority of criticism focusing on orphans centres particularly on the form as an early- to middle-century convention, primarily found in social and domestic works; in effect, the non-traditional, aberrant, at times Gothic orphan of the fin de siècle has been largely overlooked, if not denied outright. This oversight has given rise to the need for a study of this potent cultural figure as it pertains to preoccupations characteristic of more recent instances. This book examines the noticeable difference between orphans of genre fiction of the fin de siècle and their predecessors in works including first-wave Gothic and the majority of Victorian fiction, and the variance of their symbolic references and cultural implications.

Britain, 1846-1964 Jan 05 2020 The aim of this book is to explain how Britain's circumstances changed between 1846 - 1964: Britain in 1846 was by far the richest nation in the world. In 1964, Britain was, comparatively, much less rich than the USA and, though amongst the world's richest nations, was losing ground to Japan and to Western Europe. Because of her wealth and her navy, Britain in 1846 was the most powerful nation in the world. Britain in 1964 was dwarfed by the superpowers of the USA and the USSR. The British Empire of the 1840s reflected Britain's power. By 1964 the Empire was collapsing. Only one in five men (and no women) could vote in the Britain of 1840s. By 1964 Britain was fully democratic, with all adults entitled to vote. In a period of a little over a century, these were some of the changes to which Britain had to adapt. It was a period that marked a substantial fall in Britain's comparative power and prosperity in the world.

Charles Edward of Saxe-Coburg Jul 23 2021 Charles Edward was ruler of the German Duchy of Saxe-Coburg and Gotha, president of the German Red Cross, and the grandson of Queen Victoria. He was

closely allied with the rise of Adolf Hitler and the implementation of eugenic policies designed to improve German racial health. When war began in 1939, Hitler ordered a secret program of murder by poison gas and starvation to eliminate the mentally and physically handicapped "ballast people"; approximately 250,000 people were eventually killed. Readers in medicine, law, sociology and history will be interested in this tragic story of a weak-willed, but powerful Nazi leader who facilitated this murderous program, even though one of his own relatives died in the "euthanasia" scheme. Although Charles Edward traveled to neutral countries during the war, he did nothing to broadcast the inhumane treatment of his own and thousands of other families whose relatives disappeared into the murder machine.
