It was founded in 667 B.C.E. as Byzantium. Then, in 330, the Roman Emperor Constantine I christened it as New Rome. Later, it would come to bear his own name and be known as Constantinople, which was then rendered into Arabic languages as Kostantiniyye, which the Ottomans also adopted. The city was destined to finally be known in our modern age as Istanbul, derived from a Greek phrase meaning, simply, to the city. So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city. Yet they do, and the city of Istanbul is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such different names. One phrase has also been used to name the city: "The City of the World's Desire." If judges could pick the most appropriate name for the city, perhaps they would choose this one, as it reflects most accurately how famous and how loved the city has been since antiquity. The face of Istanbul has changed considerably inside the modern nation. Justinian's masterpiece, the Hagia Sophia, was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935. Two bridges now span the Bosphorus, and along with the historic skyline of the old city there are now also skyscrapers. Today, the city's importance in world history is indisputable, and it is difficult to believe that all of this long history concerns just one city. There is only one thing to do now – visit! Let's go! Your guide, WanderStories

It was founded in 667 B.C.E. as Byzantium. Then, in 330, the Roman Emperor Constantine I christened it as New Rome. Later, it would come to bear his own name and be known as Constantinople, which was then rendered into Arabic languages as Kostantiniyye, which the Ottomans also adopted. The city was destined to finally be known in our modern age as Istanbul, derived from a Greek phrase meaning, simply, to the city. So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city. Yet they do, and the city of Istanbul is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such different names. One phrase has also been used to name the city: "The City of the World's Desire." If judges could pick the most appropriate name for the city, perhaps they would choose this one, as it reflects most accurately how famous and how loved the city has been since antiquity. The face of Istanbul has changed considerably inside the modern nation. Justinian's masterpiece, the Hagia Sophia, was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935. Two bridges now span the Bosphorus, and along with the historic skyline of the old city there are now also skyscrapers. Today, the city's importance

in world history is indisputable, and it is difficult to believe that all of this long history concerns just one city. There is only one thing to do now – visit! Let's go! Your guide, WanderStories

London: A Travel Guide Through Time Jul 22 2021 Step back in time and discover the sights, sounds and smells of London through the ages in this enthralling journey into the capital's rich, teeming and occasionally hazardous past. 'London: A Travel Guide Through Time is easily the most engaging social history of the capital since the books of Liza Picard a decade ago.' - Londonist Let time traveller Dr Matthew Green be your guide to six extraordinary periods in London's history - the ages of Shakespeare, medieval city life, plague, coffee houses, the reign of Victoria and the Blitz. We'll turn back the clock to the time of Shakespeare and visit a savage bull and bear baiting arena on the Bankside. In medieval London, we'll circle the walls as the city lies barricaded under curfew, while spinning further forward in time we'll inhale the 'holy herb' in an early tobacco house, before peering into an open plague pit. In the 18th century, we'll navigate the streets in style with a ride on a sedan chair, and when we land in Victorian London, we'll take a tour of freak-show booths and meet the Elephant Man. You'll meet pornographers and traitors, actors and apothecaries, the mad, bad and dangerous to know, all desperate to show you the thrilling and vibrant history of the world's liveliest city.
