Bullshit Jobs Jun 24 2019 From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

Hell Does Not Exist Mar 02 2020 The author shows how to free ourselves of the fear of Hell and judgment. If you are living your life in condemnation and guilt, this book will help you change your life and begin living the life of abundance and freedom you were created for. Martin has studied religion for many years and proves that Hell cannot exist if the major religions teachings are consistent. Easy to read, entertaining and informative but most importantly, it is life-changing.

Developer Marketing Does Not Exist Apr 14 2021 Developers sniff out anything that seems like marketing. Typical tactics will fall flat. And you'll be staring at your analytics with questions they can't possibly answer. Most developers are too skeptical to fill out lead forms or provide their real email address. To reach a technical audience, you must acknowledge that developer marketing does not exist. Then you can authentically engage with developers. Adam DuVander has worked with dozens of developer-focused companies to attract thousands of the right developers. In Developer Marketing Does Not Exist he helps you uncover the mystery within your audience so you can reach more developers.

Imaginative Realism Aug 07 2020 Shares tips and techniques on creating a realistic picture of aliens and creatures, places, and machines.
Laziness Does Not Exist Oct 28 2019 From social psychologist Dr. Devon Price, a conversational, stirring call to "a better, more human way to live" (Cal Newport, New York Times bestselling author) that examines the "laziness lie"—which falsely tells us we are not working or learning hard enough. Extra-curricular activities. Honors classes. 60-hour work weeks. Side hustles. Like many Americans, Dr. Devon Price believed that productivity was the best way to measure self-worth. Price was an overachiever from the start, graduating from both college and graduate school early, but that success came at a cost. After Price was diagnosed with a severe case of anemia and heart complications from overexertion, they were forced to examine the darker side of all this productivity. Laziness Does Not Exist explores the psychological underpinnings of the "laziness lie," including its origins from the Puritans and how it has continued to proliferate as digital work tools have blurred the boundaries between work and life. Using in-depth research, Price explains that people today do far more work than nearly any other humans in history yet most of us often still feel we are not doing enough. Filled with practical and accessible advice for overcoming society's pressure to do more, and featuring interviews with researchers, consultants, and experiences from real people drowning in too much work, Laziness Does Not Exist "is the book we all need right now" (Caroline Dooner, author of The F*ck It Diet).

Art Does (not!) Exist Sep 07 2020 Does she receive an NEA grant? How much hipper can hip be than Art Does (Not!) Exist?
Gravity Does Not Exist Jan 12 2021 Every scientific fact begins as an opinion about the unknown—a theory—that becomes fact as evidence piles up to support it. But what if two theories exist that correspond perfectly to observed phenomena and they cannot be reconciled with each other? Can theory become fact? Such is the dilemma in contemporary physics. In seeking to understand the mechanisms of the universe, physicists have arrived at two conflicting theories: one explains the mystery of gravity through a precise model of space and time, and the other explains the mystery of matter via the behavior of quantum particles. Each theory reigns in its own domain. But 13.8 billion years ago, when the universe first came into being, gravity and matter belonged to a single realm. Can these theories be united, and if so, what facts will be revealed? This, contends Vincent Icke, is the central puzzle facing physics in our century. Combining Icke's expertise with a robust argument and intellectual playfulness, Gravity Does Not Exist makes a notoriously difficult subject accessible to all readers interested in a deeper understanding of the universe in which we live.

Why the World Does Not Exist Nov 29 2019 Where do we come from? Are we merely a cluster of elementary particles in a gigantic world receptacle? And what does it all mean? In this highly original new book, the philosopher Markus Gabriel challenges our notion of what exists and what it means to exist. He questions the idea that there is a world that encompasses everything like a container life, the universe, and everything else. This all-inclusive being does not exist and cannot exist. For the world itself is not found in the world. And even when we think about the world, the world about which we think is obviously not identical with the world in which we think. For, as we are thinking about the world, this is only a very small event in the world. Besides this, there are still innumerable other objects and events: rain showers, toothaches and the World Cup. Drawing on the recent history of philosophy, Gabriel asserts that the world cannot exist at all, because it is not found in the world. Yet with the exception of the world, everything else exists; even unicorn on the far side of the moon wearing police uniforms. Revelling in witty thought experiments, word play, and the courage of provocation, Markus Gabriel demonstrates the necessity of a questioning mind and the role that humour can play in coming to terms with the abyss of human existence.

The Impossible Does Not Exist Mar 14 2021 The journey of Moussia Zeimer is that of a person who keeps a deep faith in life through the events of Europe before, during and after World War II.

The Jean Freeman Gallery Does Not Exist Feb 10 2021 An examination of a 1970s Conceptual art project—advertisements for fictional shows by fictional artists in a fictional gallery—that hoodwinked the New York art world. From the summer of 1970 to March 1971, advertisements appeared in four leading art magazines—Artforum, Art in America, Arts Magazine, and ARTnews—for a group show and six solo exhibitions at the Jean Freeman Gallery at 26 West Fifty-Seventh Street, in the heart of Manhattan's gallery district. As gallery goes soon discovered, this address did not exist—the street numbers went from 16 to 20 to 24 to 28—and neither did the art supposedly exhibited there. The ads were promoting fictional shows by fictional artists in a fictional gallery. The scheme, eventually exposed by a New York Times reporter, was concocted by the artist Terry Fugate-Wilcox as both work of art and critique of the art world. In this book, Christopher Howard brings this forgotten Conceptual art project back into view. Howard demonstrates that Fugate-Wilcox's project was an exceptionally clever embodiment of many important aspects of Conceptualism, incisively synthesizing the major aesthetic issues of its time—documentation and dematerialization, serialism and process, text and image, publishing and publicity. He puts the Jean Freeman Gallery in the context of other magazine-based work by Mel Bochner, Judy Chicago, Yoko Ono, and Ed Ruscha, and compares the fictional artists' projects with actual Earthworks by Walter De Maria, Peter Hutchinson, Dennis Oppenheim, and more. Despite the deadpan perfection of the Jean Freeman Gallery project, the art establishment marginalized its creator, and the project itself was virtually erased from art history. Howard corrects these omissions, drawing on deep archival research, personal interviews, and investigation of fine-printed clues to shed new light on a New York art world mystery.

The Meaning of Thought May 16 2021 From populist propaganda attacking knowledge as 'fake news' to the latest advances in artificial intelligence, human thought is under unprecedented attack today. If computers can do what humans can do and they can do it much faster, what's so special about human thought? In this new book, bestselling philosopher Markus Gabriel steps back from the polemics to re-examine the very nature of human thought. He conceives of human thinking as a 'sixth sense', a kind of sense organ that is closely tied to our biological reality as human beings. Our thinking is not a form of data processing but rather the linking together of images and imaginary ideas which we process in different sensory modalities. Our time frame expands far beyond the present moment, as our ideas and beliefs stretch far beyond the here and now. We are living beings and the whole of evolution is built into our life story. In contrast to some of the exaggerated claims made by proponents

of AI, Gabriel argues that our thinking is a complex structure and organic process that is not easily replicated and very far from being superseded by computers. With his usual wit and intellectual verve, Gabriel combines philosophical insight with pop culture to set out a bold defence of the human and a plea for an enlightened humanism for the 21st century. This timely book will be of great value to anyone interested in the nature of human thought and the relations between human beings and machines in an age of rapid technological change.

Child Language Jul 06 2020

The Country That Does Not Exist Jun 16 2021 The Somali people are fiercely nationalistic. Colonialism split them into five segments divided between four different powers. Thus decolonization and pan-Somalism became synonymous. In 1960 a partial reunification took place between British Somaliland and Somalia Italiana. Africa Confidential wrote at the time that the new Somali state would never be beset by tribal division but this discounted the existence of powerful clans within Somali society and the persistence of colonial administrative cultures. The collapse of parliamentary democracy in 1969 and the resulting army--and clan--dictatorship that followed led to a civil war in the 'perfect' national state. It lasted fourteen years in the "British" North and is still raging today in the 'Italian' South. Somaliland "re-birthed" itself through an enormous solo effort but the viable nation so recreated within its former colonial borders was never internationally recognized and still struggles to exist economically and diplomatically. This book recounts an African success story where the peace so widely acclaimed by the international community has had no reward but its own lonely achievement.

Fields of Sense Sep 19 2021 Markus Gabriel proposes a radical form of ontological pluralism that divorces ontology from metaphysics, understood as the most fundamental theory of absolutely everything (the world). He argues that the concept of existence is incompatible with the exist

The Grizzled Grist Does Not Exist Jan 30 2020 Picture book about a school trip to the woods, where no one sees the danger--apart from quiet Liam, who pays attention and saves the day with his particular skill of hiding

The Christians' God Does Not Exist! Yes, He/She Does! Jan 24 2022 The Christians' God Does Not Exist! Yes, He/She Does! By: Proncell F. Johnson Jr. Carl Sagan, popular astronomer, cosmologist, astrophysicist, and astrobiologist wrote: "We are Star Stuff which has taken its destiny into its own hands." The scientific community basically agrees that everything is made of atoms. Proncell F. Johnson Jr. says that they are all wrong! Johnson shows that the material universe (along with us mortals) is one big illusion for all things are actually incorporeal/spiritual, the manifestation of the spiritual being we Christians have come to call God. He says that the realization of and utilization of this fact will enable one to duplicate for himself the "so-called" miracles of Christ Jesus in degrees, thus proving the existence of this God, and the non-existence of matter. Johnson's proof is based upon a law of physics that make it all but impossible to refute as the below reviews confirm.

This Book Does Not Exist Aug 26 2019 Based in part on a true story: When the love of his life vanishes in the midst of a trying but passionate long distance relationship, an aspiring writer must brave the perils of a surreal world that has been warped by his own memories and imagination in order to find her. Combining memoir, science fiction, mystery, and suspense into a love story that explores the evolving nature of relationships in an increasingly digital world, This Book Does Not Exist is an imaginative, page-turning novel. Musicians record breakup albums... Consider this a breakup novel, written for anyone who has ever loved and lost.

Sophie Murphy Does Not Exist Nov 09 2020 An important life is measured by one thing: Netopedia. When Sophie Murphy discovers that her father's life wasn't remarkable enough to warrant a listing, she makes a decision. Her life would be remarkable. But if you're not an Olympian, a singer, or a football star, becoming important is hard. It's even more difficult when you also have to heal your family and remind the world of your amazing Netopedia-less father. But a quest for fame may lead to another discovery: being admired by millions isn't as precious as being loved by one.

A Way of Life That Does Not Exist Jun 28 2022 A detailed look at Innu relations with the Canadian state, developers, explorers, missionaries, educators, health-care professionals, and the justice system.

The Country that Does Not Exist Feb 22 2022 The Somali people are fiercely nationalistic. Colonialism split them into five segments divided between four different powers. Thus decolonization and pan-Somalism became synonymous. In 1960 a partial reunification took place between British Somaliland and Somalia Italiana. Africa Confidential wrote at the time that the new Somali state would never be beset by tribal division but this discounted the existence of powerful clans within Somali society and the persistence of colonial administrative cultures. The collapse of parliamentary democracy in 1969 and the resulting army--and clan--dictatorship that followed led to a civil war in the 'perfect' national state. It lasted fourteen years in the British North and is still raging today in the 'Italian' South. Somaliland re-birthed itself through an enormous solo effort but the viable nation so recreated within its former colonial borders was never internationally recognized and still struggles to exist economically and diplomatically. This book recounts an African success story where the peace so widely acclaimed by the international community has had no reward but its own lonely achievement.

This Number Does Not Exist Mar 26 2022 An attentive critique on contemporary reality--modernity, capitalism, industrialization--this first United States publication of Mangalsh Dabral, presented in bilingual English and Hindi, speaks for the dislocated, disillusioned people of our time. Juxtaposing the rugged Himalayan backdrop of Dabral's youth with his later migration in search of earning a livelihood, this collection explores the tense relationship between country and city. Speaking in the language of deep irony, these compassionate poems also depict the reality of diaspora among ordinary people and the middle class, underlining the big disillusionment of post-Independence India. "Song of the Dislocated" With a heavy heart we left tore away from the ancestral home mud slips behind us now stones fall in a hail look back a bit brother how the doors shut themselves behind each one of them a room utterly forlorn Mangalsh Dabral was born in 1948 in the Tehri Garhwal district of the Himalayas. The author of nine books of poetry, essays, and other genres, his work has been translated and published in all major Indian languages and in Russian, German, Dutch, Spanish, French, Polish, and Bulgarian. He has spent his adult life as a literary editor for various newspapers published in Delhi and other north Indian cities, and has been featured at numerous international events and festivals, including the International Poetry Festival. The recipient of many literary awards, he has also translated into Hindi the works of Pablo Neruda, Bertolt Brecht, Ernesto Cardenal, Yannis Ritsos, Tadeusz Rozewicz, and Zbigniew Herbert. Dabral lives in Ghaziabad, India.

A Man who Does Not Exist May 28 2022 A unique perspective on Yeats's and Synge's contributions to the literature of revolutionary Ireland ADHD Does not Exist Nov 21 2021 In this groundbreaking and controversial book, behavioral neurologist Dr. Richard Saul draws on five decades of experience treating thousands of patients labeled with Attention Deficit and Hyperactivity Disorder--one of the fastest growing and widely diagnosed conditions today--to argue that ADHD is actually a cluster of symptoms stemming from over 20 other conditions and disorders.

According to recent data from the Centers for Disease Control and Prevention, an estimated 6.4 million children between the ages of four and seventeen have been diagnosed with attention deficit hyperactivity disorder. While many skeptics believe that ADHD is a fabrication of drug companies and the medical establishment, the symptoms of attention-deficit and hyperactivity are all too real for millions of individuals who often cannot function without treatment. If ADHD does not exist, then what is causing these debilitating symptoms? Over the course of half a century, physician Richard Saul has worked with thousands of patients demonstrating symptoms of ADHD. Based on his experience, he offers a shocking conclusion: ADHD is not a condition on its own, but rather a symptom complex caused by over twenty separate conditions--from poor eyesight and giftedness to bipolar disorder and depression--each requiring its own specific treatment. Drawing on in-depth scientific research and real-life stories from his numerous patients, ADHD Does not Exist synthesizes Dr. Saul's findings, and offers and clear advice for everyone seeking answers.

Why the World Does Not Exist Jul 30 2022 Where do we come from? Are we merely a cluster of elementary particles in a gigantic world receptacle? And what does it all mean? In this highly original new book, the philosopher Markus Gabriel challenges our notion of what exists and what it means to exist. He questions the idea that there is a world that encompasses everything like a container life, the universe, and everything else. This all-inclusive being does not exist and cannot exist. For the world itself is not found in the world. And even when we think about the world, the world about which we think is obviously not identical with the world in which we think. For, as we are thinking about the world, this is only a very small event in the world. Besides this, there are still innumerable other objects and events: rain showers, toothaches and the World Cup. Drawing on the recent history of philosophy, Gabriel asserts that the world cannot exist at all, because it is not found in the world. Yet with the exception of the world, everything else exists; even unicorns on the far side of the moon wearing police uniforms. Revelling in witty thought experiments, word play, and the courage of provocation, Markus Gabriel demonstrates the necessity of a questioning mind and the role that humour can play in coming to terms with the abyss of human existence.

Syntactic Structures Dec 11 2020

The Solar System As We Know It Does Not Exist Oct 21 2021 For many centuries we have been told that the earth is a Globe and that it rotates on its axis and itself is revolving around the sun. According to the astrophysicists, our sun is 93 million miles away from the earth, on the average. Our earth is one of many planets that revolve around the sun. Almost all of us have never questioned this information, we just run away with it as if it is a fact. In this book, the author has examined and analyzed this information, logically and scientifically and has concluded that it is not true. The author has given everyone a challenge to debunk his analyses and prove otherwise. All you must do is buy his book and follow the instruction on how to accept his challenge. You stand to gain \$ 50,000 if you win

Why the World Does Not Exist Jul 18 2021 Where do we come from? Are we merely a cluster of elementary particles in a gigantic world receptacle? And what does it all mean? In this highly original new book, the philosopher Markus Gabriel challenges our notion of what exists and what it means to exist. He questions the idea that there is a world that encompasses everything like a container life, the universe, and everything else. This all-inclusive being does not exist and cannot exist. For the world itself is not found in the world. And even when we think about the world, the world about which we think is obviously not identical with the world in which we think. For, as we are thinking about the world, this is only a very small

event in the world. Besides this, there are still innumerable other objects and events: rain showers, toothaches and the World Cup. Drawing on the recent history of philosophy, Gabriel asserts that the world cannot exist at all, because it is not found in the world. Yet with the exception of the world, everything else exists; even unicorns on the far side of the moon wearing police uniforms. Revelling in witty thought experiments, word play, and the courage of provocation, Markus Gabriel demonstrates the necessity of a questioning mind and the role that humour can play in coming to terms with the abyss of human existence.

101 Reasons Why God Does Not Exist Apr 26 2022 "Does God Exist?" - the age old question that has occupied humankind ever since the concept of God was conjured up. There are several atheist books currently on the shelves that tackle this question but this book differs by presenting 101 short and concise standalone arguments against God's existence. The Reasons make for thought provoking and compelling reading. An ideal book to dip into at random, "101 Reasons Why God Does Not Exist" is essential reading for negating the irrational and illogical dogma of religion. This book consists of 101 Reasons why BigG doesn't exist. These range from Reason 1. "All Knowledgeable" with intermediate reasons such as 18. "Live A Life Of Fear", 19. "Fondness For Beetles And Water", 92. "Fanatic Literalism" and concluding with Reason 101. "Doublethink".

Countries That Don't Exist - Selected Nonfiction Sep 27 2019 Almost unknown during his lifetime, Sigizmund Krzhizhanovsky is now hailed as a master of Russian prose. *Countries That Don't Exist* showcases a selection of Krzhizhanovsky's exceptional nonfiction, which spans a dizzying range of genres and voices.

Bad Hair Does Not Exist/Pelo Malo No Existe Apr 02 2020 Target Demo: Age 3 - Adulthood. "Bad Hair Does Not Exist!/Pelo Malo No Existe!" - is a book with an anti-bullying message that reinforces respect for individualism. Hispanic and Black children are exposed to the divisive and bullying term, "bad hair," within their own communities. The term "bad hair" or "pelo malo" is used to describe hair that is usually of curlier texture or of a thick and coarse density. This is irresponsible and often contributes to a child's low self-esteem, dividing both communities and families. The book's purpose is to empower all children by giving them alternate terms to describe their hair, and teaching them the importance of respecting one another's differences.

God: The Failed Hypothesis Dec 31 2019 Throughout history, arguments for and against the existence of God have been largely confined to philosophy and theology, while science has sat on the sidelines. Despite the fact that science has revolutionized every aspect of human life and greatly clarified our understanding of the world, somehow the notion has arisen that it has nothing to say about the possibility of a supreme being, which much of humanity worships as the source of all reality. This book contends that, if God exists, some evidence for this existence should be detectable by scientific means, especially considering the central role that God is alleged to play in the operation of the universe and the lives of humans. Treating the traditional God concept, as conventionally presented in the Judeo-Christian and Islamic traditions, like any other scientific hypothesis, physicist Stenger examines all of the claims made for God's existence. He considers the latest Intelligent Design arguments as evidence of God's influence in biology. He looks at human behavior for evidence of immaterial souls and the possible effects of prayer. He discusses the findings of physics and astronomy in weighing the suggestions that the universe is the work of a creator and that humans are God's special creation. After evaluating all the scientific evidence, Stenger concludes that beyond a reasonable doubt the universe and life appear exactly as we might expect if there were no God. This paperback edition of the New York Times bestselling hardcover edition contains a new foreword by Christopher Hitchens and a postscript by the author in which he responds to reviewers' criticisms of the original edition.

This Book Does Not Exist Oct 01 2022 A fresh and exciting introduction to a huge range of logical, ethical and mathematical paradoxes that will give your intellect a workout that you can't help but enjoy.

A Normal Relationship Does Not Exist Dec 23 2021 Dealing with love as a young minority is tough and we just have to wrap our minds around the fact that normal sometimes does not exist for us. I just want a normal relationship. I hear this way too often from females around my age group. So I ask; what is a normal relationship? For me, the word normal coincides with the word standard and I don't think there are any standards to any relationship. All relationships have their problems, big or small.

God Is All There Is and the Devil Does Not Exist Jul 26 2019 *God Is All There Is and the Devil Does Not Exist* seeks to bring about awareness and remind us of *Who We Really Are*; for *God is All There Is* and there is *No-thing* else. There is only *One-Consciousness* that has individuated *It-self* and, thusly, there is no *Devil* in absolute form (as is taught and projected by many). All *That Is*, existed in a state of being, without the means to express *Its being*; in a state of being, *God is No-thing* unto *Himself*. Out of this conceptual knowing, *God/All That Is* longed to express, explore and experience *It-self* for what *It* knows *It-self* to be. And so the *No-Thing* created *Some-Thing/Some-Form* (all of creation), as a means or device(s), through which *It* can express, explore and experience *It-self* fully and abundantly. We live in a world driven by fear, scarcity, competition, chaos, pain, struggle, confusion and discord. It is my firm conviction that all these factors have been born and taken root because we have forgotten, *Who We Really Are*. *God Is All There Is and the Devil Does Not Exist* is directed to all the men and women around the globe, who are entangled in shackles of fear, constructed by mythical beliefs and teachings about *God* and the mock *Devil*, which have been served to us for eons. The message *I* bring seeks to liberate and unchain us from these restraints. "So that we can live freely and express, explore and experience *That Which Is* within more fully and abundantly."

Laziness Does Not Exist Nov 02 2022 A social psychologist uncovers the psychological basis of the "laziness lie," which originated with the Puritans and has ultimately created blurred boundaries between work and life with modern technologies and offers advice for not succumbing to societal pressure to "do more."

The Island That Didn't Exist May 04 2020 When twelve-year-old Rixon's great-uncle leaves him an island in his will, Rixon can't quite believe it. Things get even more confusing when the mysterious island can only be located on a very ancient map, and only then by using a big magnifying glass. Does the island actually exist? And if so, does it really belong to him? There's only one thing for it. Rixon is going to have to go there and find it for himself. And what he finds when he gets there might just hold the key to the future of the planet: four children hidden away from society with an altogether different set of values. But soon Rixon is fighting for his own life, left in a cave with a rising tide, floating out to sea on a leaky inflatable and fending off the attacks of a multimillionaire tech giant and his super yacht. Can Rixon keep the island's secrets? And will he even want to. . . ?

Blue Does Not Exist Jun 04 2020 Surprising though it may seem, the color Blue does not physically exist. Investigating the reason for this leads to some astonishing discoveries about information, the subjective consciousness, the Self, physical existence and even time itself.

Bad Hair Does Not Exist! Oct 09 2020 *Bad Hair Does Not Exist* is a tool of empowerment for all little girls who are black, afro-descendent, afro-Latinas, and Garifuna. It's to enhance the confidence of girls who are beautiful, intelligent, savvy, witty, and have extraordinary hair. The book is intended to teach little girls how to define and describe their hair so that they don't identify with the term "bad hair." It gives you cool illustrations of gorgeous girls with examples of each type of hair. The book serves to educate and calls for all of us to work as equal partners to build our girls up by using proper terminology to describe their hair because it is directly linked to their essence.

Why Fish Don't Exist Aug 31 2022 A "remarkable" (Los Angeles Times), "seductive" (The Wall Street Journal) debut from an extraordinary new voice in nonfiction, *Why Fish Don't Exist* is a dark and astonishing tale of love, chaos, scientific obsession, and—possibly—even murder. "At one point, Miller dives into the ocean into a school of fish...comes up for air, and realizes she's in love. That's how I felt: Her book took me to strange depths I never imagined, and I was smitten." —The New York Times Book Review David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. In time, he would be credited with discovering nearly a fifth of the fish known to humans in his day. But the more of the hidden blueprint of life he uncovered, the harder the universe seemed to try to thwart him. His specimen collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake—which sent more than a thousand discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life's work was shattered. Many might have given up, given in to despair. But Jordan? He surveyed the wreckage at his feet, found the first fish that he recognized, and confidently began to rebuild his collection. And this time, he introduced one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool—a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth about his life would transform her understanding of history, morality, and the world beneath her feet. Part biography, part memoir, part scientific adventure, *Why Fish Don't Exist* is a wondrous fable about how to persevere in a world where chaos will always prevail.

The Jean Freeman Gallery Does Not Exist Aug 19 2021 An examination of a 1970s Conceptual art project—advertisements for fictional shows by fictional artists in a fictional gallery—that hoodwinked the New York art world. From the summer of 1970 to March 1971, advertisements appeared in four leading art magazines—*Artforum*, *Art in America*, *Arts Magazine*, and *ARTnews*—for a group show and six solo exhibitions at the Jean Freeman Gallery at 26 West Fifty-Seventh Street, in the heart of Manhattan's gallery district. As gallery goers soon discovered, this address did not exist—the street numbers went from 16 to 20 to 24 to 28—and neither did the art supposedly exhibited there. The ads were promoting fictional shows by fictional artists in a fictional gallery. The scheme, eventually exposed by a New York Times reporter, was concocted by the artist Terry Fugate-Wilcox as both work of art and critique of the art world. In this book, Christopher Howard brings this forgotten Conceptual art project back into view. Howard demonstrates that Fugate-Wilcox's project was an exceptionally clever embodiment of many important aspects of Conceptualism, incisively synthesizing the major aesthetic issues of its time—documentation and dematerialization, serialism and process, text and image, publishing and publicity. He puts the Jean Freeman Gallery in the context of other magazine-based work by Mel Bochner, Judy Chicago, Yoko Ono, and Ed Ruscha, and compares the fictional artists' projects with actual Earthworks by Walter De Maria, Peter Hutchinson, Dennis Oppenheim, and more. Despite the deadpan perfection of the Jean Freeman Gallery project, the art establishment marginalized its creator, and the project itself

was virtually erased from art history. Howard corrects these omissions, drawing on deep archival research, personal interviews, and investigation of fine-printed clues to shed new light on a New York art world mystery.
